WHY IS IT THAT ONLY NEWSDAY seems to have published the following item: according to a book by Christian Cafarakis, steward aboard the Aristotle Onassis yacht, "Ari financed a 19-month investigation by private detectives into the death of President Kennedy shortly after his assassination. In 27 pages, the report is said to conclude that the Warren Report was a whitewash and to reveal the names of Kennedy's assassins. Just as Jackie was about to send the report off to President Johnson, a mysterious telephone caller warned her not to lest her life and those of her children be endangered, Cafarakis says." This quote came from the November 21 Newsday column on "People."
